**All classes are 50-minutes unless otherwise noted.

5AM HUSTLE: Get your intense 30-minute Tabata workout done early! 5AM HUSTLE helps you achieve your fitness goals while balancing your busy life! A combination of cardio circuits and functional fitness tools like TRX, battle-ropes, BOSU, medicine balls, RIP Trainer. '

5AM RIDE: 30-minute bike class that is sure to rev your heart rate and challenge your muscle endurance. Best way to start the day!

Barre: This total body workout uses aspects of ballet, Pilates, yoga, and functional fitness. Isometric movement and muscle endurance create that "dancer's body" – the long, lean, sculpted body that exudes strength, flexibility and balance. (45 minute class in the evening)

Cardio Dance: Catch the beat during this total body workout. You will move, you will sweat, you will dance and have a BLAST!

IMPACT Challenge: Join Bob Poston through this high-intensity strength and endurance challenge. Leave it all on the turf, IMPACT style!

Kick, Punch & Crunch: Do you want to burn calories, sculpt your body and kick butt all at the same time? Then Kick, Punch & Crunch is for you. You will incorporate heavy bag work while kicking and punching and no core muscle gets left behind!

P.A.C.E.: Power, Agility & Speed, Core, & Endurance. This interval-based, full body group-training program is designed to build strength, increase fitness levels, burn calories and promote fat loss. Participate in exercises using a combination of body weight movements, super bands, TRX units, kettlebells, plyometrics, and more. ALL fitness levels can participate in this program -- You can go at your own "PACE!"

Pedal & Pump: This class combines the best of both worlds: cycling and strength training! Taught in an interval format, you will pedal on the spin bike and then dismount to strength train using dumbbells, kettlebells, TRX etc. for upper and lower body. It's a great total body cardio and strength workout!

Pilates: Pilates is a blend of strength and flexibility training that improves core strength and posture, reduces stress, and creates long, lean muscles. Pilates takes a balanced approach so that no muscle group is overworked and the body moves as an efficient system in sport and daily activity. Leave feeling energized, strong, and transformed!

TRX Flow: Every other Thursday. TRX FLOW is the ultimate mind-body, strength, and mobility experience. Re-load through a format which includes yoga, Pilates, suspension, and meditation.

TRX Flex & Flexibility: This class combines classic TRX for bodyweight strength training; and TRX for Yoga where we will focus on mobility training, stability where the movements are slow and controlled and the mind-muscle connection is enhanced.

TRX Fusion: This is a multi-modality class. Each week the TRX suspension trainer will be fused with a second fitness tool—always a Surprise!! Look for pairing with Barre, Battle Ropes, Kettlebells, Medicine Balls, and MORE!

TRX Happy Hour: End your week in the very healthiest way possible -- TRX Happy Hour! TRX Suspension training is FUN, INTENSE, Total-Body Work. TRX believes that better is better and so we will focus on form and what right looks like and feels like while you train.

Yoga: Bring your body and mind together for one harmonious experience. Practice poses and flow sequences that incorporate postures and movements to strengthen the body while being coached to gently increase breath control. All levels welcome!
